00:00:05:00 - 00:00:29:09

Speaker 1

Now, after you have experimented with all of those various types of touch, various speeds and various pressures building up to higher intensity, higher speed, higher pressure, she's had the experience (whether she reached a nipple orgasm or not). We've decided that it's time to complete the massage and land the plane. We're going to move into aftercare, and that includes holding space for her.

00:00:29:09 - 00:00:35:00

Speaker 1

So for you that means being that strong, solid container, getting her feedback.

00:00:35:00 - 00:00:51:04

Speaker 1

She might feel very emotional. She might feel very close to you. She might cry. She might laugh. She might feel confused or frustrated. All good. It's your job as a person who gave the massage to just be there for whatever her experience was. You don't have to explain it or try to make it different or fix it.

00:00:51:04 - 00:00:52:13

Speaker 1

You just hold space for it.

00:00:52:13 - 00:01:04:17

Speaker 1

I also highly recommend that you remain close, that you remain still, that maybe you do some cuddling if that feels good for both of you. And that you not sort of like break the bond that has been created between you energetically right away by like

00:01:04:17 - 00:01:14:19

Speaker 1

walking away, by going to the bathroom. You know, obviously take care of yourself, but stay connected with her because she's going to feel hopefully very open and raw and vulnerable.

00:01:14:19 - 00:01:33:20

Speaker 1

You also are going to need to expect and let her know that her nipples may be very sensitive for a while after this. They're really not used to having this much stimulation, especially if she does have an orgasm or you do get particularly rough on those nipples. But squeezing and pinching and pulling, then she might experience a lot of sensitivity, even for days afterward.

00:01:33:20 - 00:01:36:21

Speaker 1

So talk about that and let her know what to expect.

00:01:36:21 - 00:01:47:12

Speaker 1

And then anything else that feels good for the two of you for aftercare, a snack, getting in bed just like eye gazing and breathing with each other. Whatever works for you both.

00:01:47:12 - 00:01:58:02

Speaker 1

And then the next day or the day after, talk about the massage experience, what worked, what could have been improved, what we both liked about it, and what we want to change for next time.

00:01:58:06 - 00:02:09:10

Speaker 1

This again will help us both land the plane, remain connected after this highly connected experience, and will make sure to set us up more positively for next time. You might even want to

00:02:09:10 - 00:02:20:06

Speaker 1

schedule your next nipple and breast massage immediately after, so that this becomes a habit and a practice for both of you. I highly recommend that you do.

00:02:20:06 - 00:02:42:06

Speaker 1

Now that is everything that you need to know or to give an epic breast and nipple massage. Make sure that you watch the bonus content where I actually demonstrate these techniques on real women and real breasts, so that you understand exactly how to apply it to a real person in real time. That is going to help to explain all of the various techniques that I touched on here.

00:02:42:06 - 00:02:47:20

Speaker 1

All right. Thank you so much. This concludes the content of breast and nipple orgasm.

00:02:47:20 - 00:03:04:07

Speaker 1

Next up we have bonuses on tools and toys, a bonus on how to rewire the nipples for pleasure, and like I mentioned, those bonus massages that will show you exactly how it's done. I look forward to seeing you in our bonus content.
